the **cambro**[®] story

When William and Argyle Campbell first opened the doors at Cambro Manufacturing in 1951 their goal was to make a hospital meal tray of the highest quality possible. Named the Camtray[®], it demonstrated that they were as committed to excellence in the food service industry as they were to the quality of their own products. As 2011 marks the company's 60th year of leadership in quality, innovation and customer service, today Cambro serves the world with the industry's most complete selection of products for widely diverse segments of the food service business.

Since 1951, the company has experienced many changes including a greatly expanded product line, new methods of manufacturing and distribution, and an increased emphasis on issues like environmental responsibility. From a single factory in California, Cambro has grown to become an international presence with production facilities and sales offices in the United States, Europe, the Middle East and Asia. But the original guiding vision of the Campbell brothers remains unchanged: to create and provide the most innovative, durable and highest quality products for the food service industry. Now led by William's son Argyle, Cambro is still dedicated to meeting our customers' needs, and equally committed to helping you serve, satisfy and delight your guests.

At the heart of our business philosophy is our willingness to listen, so in a very real way we owe all our success to you, our customer. Our longevity in a very competitive field for 60 years certainly proves the value of that philosophy, and we are proud to have earned the loyalty of customers of all sizes and in all segments of the industry. From hotels to healthcare to caterers, from restaurant chains to educational facilities, we understand the food service business and we design and create our products with the end user foremost in mind. Our goal is to provide our customers the best

possible value on products that are durable, save labor and increase food safety, so you can offer your guests a superior experience while enhancing profitability.

Cambro is uniquely committed to investing in the people and processes that make our products a reality. We're proud that children and grandchildren of some of our first employees are with us today, and of the dedication to quality and service of our entire family worldwide. We continually work on developing new ideas for specific industry segments, and invest in new tooling and leading-edge machinery to bring these products to market. We persistently strive to improve our manufacturing methods to be more efficient in terms of process and materials, to keep costs under control while keeping our planet healthy. And we constantly seek to maintain quality and value despite rising costs of transport and raw materials, the need to reduce environmental impacts, and the demand of end users for total order accuracy and responsive service across a global market.

From once offering a single product, the Camtray, sixty years ago, today Cambro offers a wide range of trays, table service and display items, storage, shelving, merchandising and insulated transport products, as well as innovative warewashing systems and healthcare meal delivery solutions.

The future is certain to bring great changes to our industry. Yet one thing that will remain a constant is Cambro's tradition of continually developing new products that help food service operators save time and money, increase sales, reduce labor and improve service. In the years ahead, guided by the commitment of its founders to innovation, quality, and value, Cambro Manufacturing will still be the leader in serving the food service industry and you, our valued customer.

Cambro Warranty

- 5 year pro-rated warranty against damage or defects found in excess to normal wear and tear on
 - Camtrays®
 - Camtread Trays®
- 5 year warranty against breakage in excess to normal wear and tear

 - Camshelving®
 - Camshelving Elements Series

For all other Cambro products, Cambro warrants to the original buyer a three-year pro-rated warranty. If product proves defective during this time, Cambro grants a pro-rated credit of the original price toward replacement product. The warranty applies on all Cambro products only when used under normal foodservice industry conditions.

Specifications, features and equipment shown are based upon the latest information available. Cambro Manufacturing Company reserves the right to make changes at any time, without notice, to price, colors, specifications, accessories and materials. For additional information, please contact your authorized Cambro representative.

Note: Temperature ranges noted throughout this catalog are based on specific test criteria and provide a general guideline. Individual use may vary due to differences in loading temperatures or ambient temperature.

Product Accessories: Contents and accessories shown in photos are not included, except where noted.

ICON DIRECTORY

Throughout the Cambro catalog, find the following easy to identify icons to help explain Cambro product features or services.

Food Safety Matters

For 60+ years, Cambro foodservice equipment and supplies have earned the trust and loyalty of customers and public health professionals alike because our products are designed with Food Safety in mind. At Cambro, every product design is based upon the core principle of food safety.

Look for the Cambro StoreSafe mark throughout the Cambro catalog to identify Cambro storage and transportation products that help ensure food safety handling.

You can learn more about Cambro's Food Safety initiatives at www.cambro.com/storesafe

Many Cambro products may be recycled. For further information, please contact your Cambro representative.

Listed by NSF International, an independent, not-for-profit organization which certifies products that meet their criteria for sanitation and cleanability.

Foam Insulation

Cambro "Storage Select" BPA-Free (Bisphenol-A Free) products are available for customers who are interested in products deemed BPA-Free. Please contact your sales representative for more information.

Cam GoBox™ – Insulated Carrier Line

Cambro's latest line of insulated transporters are ideal for caterers and foodservice operators looking for an ultra-lightweight transporter that offers superior temperature retention to protect food safety and excellent durability to withstand heavy commercial use, all at a budget-friendly price. Just take them and go!

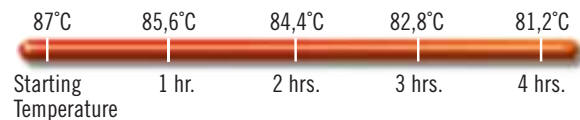

- Thermal Insulation- Holds hot or cold food for many hours.
- Lightweight- Made of EPP (Expanded Polypropylene)- an eco-friendly, high-performance foam material.
- Great Structural Strength- capable of handling significant loads while maintaining its shape and form.
- Excellent Energy Absorption- can withstand substantial impact without damage.
- Chemically Inert- unaffected by oil, grease, and most chemicals.
- Dishwasher safe.
- CFC-Free.
- 100% Recyclable.
- Line your Cam GoBox with a Cambro GN Food Pan and Seal Cover for the ultimate food safety solution. Cambro GN pans protect food and carrier to support HACCP compliance.

Only available from Cambro
European Logistics (CEL), Germany.

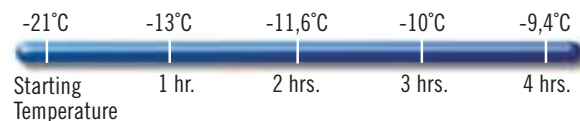

Cam GoBox™ — Insulated Carrier Line

Hot Holding

Cold Holding

Using Cam GoBox carriers together with Cambro's polycarbonate, polypropylene or high heat GN food pans creates the ideal food-safe, HACCP-compliant holding and transport system.

Ergonomic Handles

Comfortable handles allow easy and safe lifting of the Cam GoBox.

Stackability

Cam GoBoxes inter-stack and also stack with major competitive brands.

Easy Identification

A built-in label area keeps plastic menu tags (included for EPP300 and EPP400) in place for easy content identification or routing. StoreSafe Labels can also be used with Cam GoBoxes.

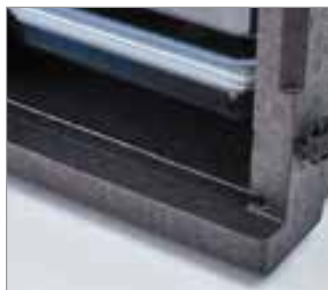

Easy Loading and Unloading

Interior wall recesses make loading and unloading easy for both GN 1/1 as well as 1/2 pans.

4-Sided Handling

Thoughtfully designed built-in handles along the top of the front loader units allow them to be easily carried from all four sides.

Drip-Resistant

Built-in condensation barrier helps front loaders to remain drip-resistant.

Gentle Open and Close

Beveled door edges ensure door can be easily closed and latched.

Full 270° Access

Durable hinges and latches allow the door to open 270° and remain open securely to the side of the front loader for easy access to products. Latches keep door securely closed during transport.

Cam GoBox™ — Insulated Carrier Line

Exclusive inter stacking design saves **30%** storage space!

Insulated Beverage Containers

- Use to hold, transport and serve hot or cold beverages.
- One piece, seamless double-wall polyethylene with thick foam insulation.
- Sturdy latches secure lids tightly and will never rust.
- Drip-proof recessed spigot for easy self-serve access.
- Stack units on riser to fill large cups or coffee pots.
- Sta-stack interlocking ensures stable stacking during transport and storage.

Easy Serve Dispenser Color: Black (110).
 UC1000 covered by U.S. Patent D 403,916.
 Vent Cap patent pending.
 350LCD Camtainer not NSF.

Camtainer Cover

Durable and attractive covers extend the life of your Camtainers and fit in any serving environment.
 Personalization available. Contact your Cambro representative for details. (Models for covers on next page.)

Vent Cap

Equalizes pressure. Makes the opening of the container much easier.

E-Z Grip Molded-in Handles

For comfortable, safe transporting.

Recessed Faucet

Accommodates larger cups. Allows even dispensing and eliminates drips. Two positions: One for continuous pouring and one for individual dispensing.

Molded-in Metal Backing Plates

Prevents latches from breaking away from the container.

Ultra Camtainers®

Feature wide nylon latches which are easy to open and close with one hand.

Camtainers®

Feature sturdy plastic latches that secure lids tightly and will never rust.

Stack beverage servers during storage and transporting to save space.

Stacking options:

- 100LCD with 100LCD
- All 250, 350 and 500 units
- UC1000 and 1000LCD

Holding Compartments	W 44,5 cm	D 60,3 cm	H 36 cm

Venting plug is covered by US Patent D 553,717 S.

MDC24F

MDC24 has recessed top that holds 3 each 3,8 Liters 100LCD Camtainers and stacked Condiment Bins & Wire Rack with 3253 trays.

MDC24R Wire Rack

Wire Rack (sold separately) to organize pans and trays in the cart. Rack holds Full, ½ and ¼ size Food Pans and 3253 trays. When placed in cart's core area, the rack allows room on either side of pan positions for Cambro's CP1220 Camchillers® one on each side.

Insulated Top Loading Camcarriers® to Transport Gastronorm Food Pans

- Top-loading food pan carriers hold, transport and serve a single full-size pan of hot or cold food.
- Sturdy and durable, seamless polyethylene or polypropylene with thick foam insulation.
- Molded-in handles on all four sides for easy carrying and handling.
- Use with divider bars to hold multiple fractional pans.
- Pans are easy to remove using finger notches.
- Carriers interlock and stack for transporting and storing.

UPCS Colors: Dark Brown (131), Speckled Grey (480), Coffee Beige (157), Black (110).

MPC and MPCHL Colors: Navy Blue (186), Slate Blue (401), Coffee Beige (157), Dark Brown (131), Brick Red (402), Green (519), Black (110), Hot Red (158).

* Polypropylene dough boxes are safe for use in high temperature dishwashers.

UPC Colors: Slate Blue (401), Dark Brown (131), Black (110), Granite Grey (191), Granite Green (192).

Camdolly® Colors: Coffee Beige (157), Dark Brown (131), Black (110), Slate Blue (401), Grey (180).

Divider Bar Colors: White (148), Clear (135).

See Food Pan Section for pricing and ordering information.

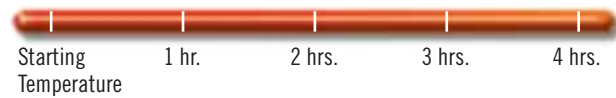

Note: Place food pans on rails. Pans should not be placed on the floor of a Camcart or Camcarrier® cavity.

Note: Best results will be achieved by loading food pans between 82° to 88°C. Loading metal food pans over 121°C may result in damage to the carrier or cart.

Color: Granite Grey (191).

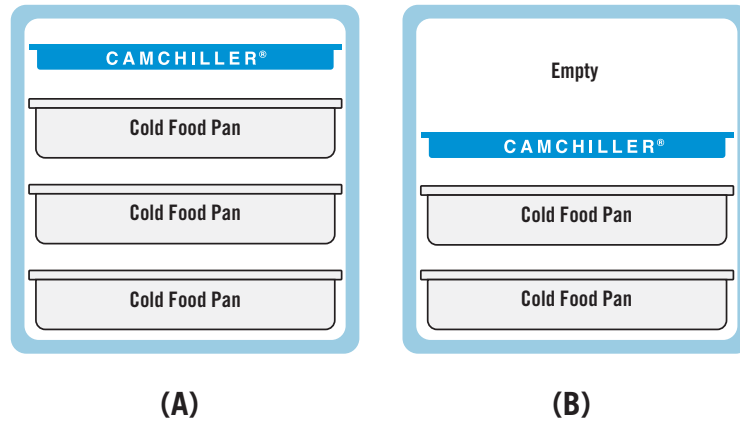

UPC400 with Camwarmer. Two Camwarmers recommended per cavity.

Temperature Maintenance – Optimize Food Holding Performance

Camchiller® – GN $\frac{1}{2}$ Size and GN $\frac{1}{2}$ Size

- Use to:
 - Pre-chill cabinet cavity.
 - Hold package food in food pan wells. (Half Size Only)
 - Maximize cold food holding.
 - Minimize open cavity space.
- Easy to use:
 1. Freeze 8 hours.
 2. Slide one or two on top rails and pre-chill cavity 15-20 minutes.
 3. Load in pans of pre-chilled food below Camchiller. (A)
 4. Move pans and Camchiller down as food is removed. (B)

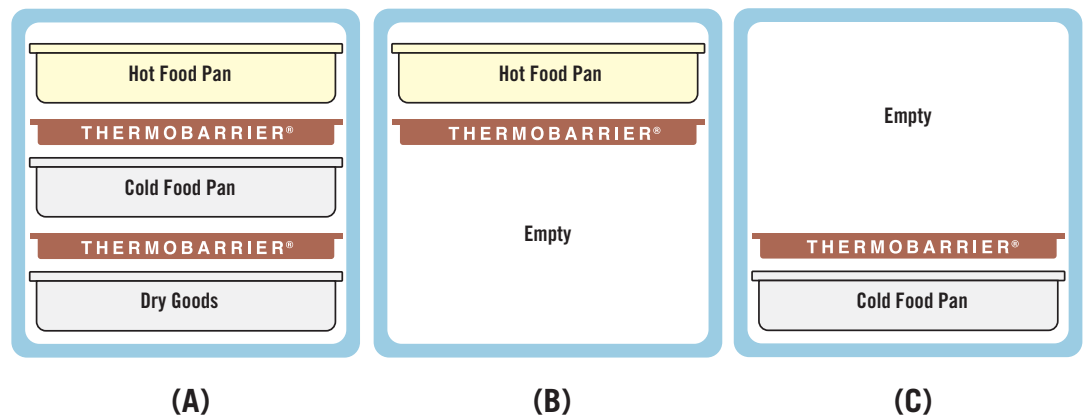

COLD HOLDING

ThermoBarrier® – GN $\frac{1}{2}$ Size

- Use to:
 - Hold hot and cold food in same cabinet cavity.
 - Minimize open cavity space.
- Easy to use:
 1. Slide between hot food on top and cold food on bottom. (A)
 2. Slide under hot food loaded in upper cavity space. (B)
 3. Slide above cold food loaded into lower cavity space. (C)

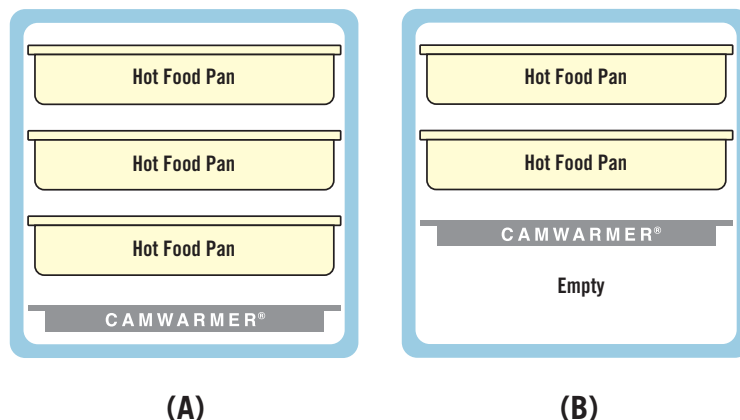

HOT AND COLD HOLDING

Camwarmer® – GN $\frac{1}{2}$ Size

- Use to:
 - Pre-heat cabinet cavity.
 - Maximize hot food holding.
 - Minimize open cavity space.
- Easy to use:
 1. Heat in 180°C oven for 45 minutes.
 2. Slide two Camwarmers on bottom rails and pre-heat cavity 15-20 minutes. (or place on high heat food pan lid or sheet pan)
 3. Load in pans of pre-heated food above Camwarmers. (A)
 4. Move pans and Camwarmers up as food is removed. (B)

HOT HOLDING

Insulated Front Loading 300MPC and UPC400 to Transport Gastronorm Food Pans

- Durable and dependable front-loading food pan carriers.
- Hold multiple pans of hot or cold food at safe temperatures for hours.
- Seamless polyethylene with thick foam insulation.
- Airtight removable gasket provides a secure seal.

SUMMARY OF GN CONTAINER SIZES

Depth in Centimeters

Ultra Pan Carrier® and Ultra Camcart® H-Series

- Designed for both electric hot holding and non-electric transport.
- Gentle, 65° to 74°C non-radiant heat will not cook food and maintains food moisture.
- Holds a wide variety of foods such as pasta, bone-in fried chicken, and double-crusted pies.
- One hour preheat time from room temperature and three minute recovery.
- Energy consumption is substantially less than comparable metal cabinets.
- Will not rust or dent like metal cabinets, is more economical, and is easy to maneuver.
- All UPCH models have been tested to maintain safe, hot food temperatures, for up to 4 hours when unplugged.
- Models with only the top heated door offer unique versatility with an electric hot holding cabinet on top and passive hot or cold food holding on the bottom.
- Heated door kits also sold separately to retrofit UPC400, UPC800 and UPC1600.

Colors: Granite Gray (191), Black (110), Granite Green (192), Slate Blue (401), Dark Brown (131).

Casters: 15,2 cm 2 fixed, 2 swivel, 1 with brake.

Power On and Heat on Indicators

Communicate the Power and Heating status of the UPCH1600 unit. Know instantly when the compartment has reached target temperature.

Vents

Consistent heating throughout the compartment is generated by vents that constantly circulate heat from front to back.

Tough Exterior

All UPCH units are made of tough, polyethylene with polyurethane foam insulation to keep heat in while keeping the exterior cool to the touch. Will not crack, dent, chip, rust or break.

Insulation

CFC-free, foamed-in place polyurethane foam insulation will hold temperature above 64°C for up to 4 hours when used unplugged.

Ultra Pan Carrier® and Ultra Camcart® H-Series

Marine rail is designed for use during service, not transport.

UPCH Case Pack: 1

Also Available: Top and Bottom Replacement/Retrofit Doors for 110V and 220V (non-interchangeable).

Standard Casters: 15,2 x 3,2 cm – 2 fixed, 2 swivel, 1 with brake.

Heavy Duty (HD) Casters: 15,2 x 5 cm – 2 fixed, 2 swivel with brake.

Combo Cart® Plus (Non-Electric)

- The most versatile insulated transporter on the market! Holds food pans, sheet pans, trays and even large pizza boxes.
- Two separate compartments offer the flexibility of holding either hot or cold food.
- Tough, durable polyethylene exterior will not dent, rust or chip—a great alternative to metal holding carts!
- Thick, CFC-free polyurethane insulation throughout the cabinet ensures excellent food quality and temperature retention for 4 or more hours.
- Ideal for caterers, schools, hotels and large institutions.

Color: Charcoal Gray (615).

Note: Place food pans on rails. Pans should not be placed on the floor of the compartment. All food should be cooled to 121,11°C before placing into cart to avoid damage to the body.

Tall Combo Cart Plus Non-Electric covered by U.S. Patent D 679,468 S.

STAINLESS STEEL UNIVERSAL RAILS*

Holds sheet pans, food pans, pizza boxes and trays (or limitless combinations of these!)

*7 pairs/compartment

MARINE RAILING

Creates a bonus staging area for food pans.

ERGONOMIC VERTICAL MOLDED-IN HANDLES

Will never break; great for maneuvering by operators of all heights.

GASKET-FREE DOOR

Worry free door! Swings open completely to the side.

MENU POCKET

Allows for easy product ID with either an index card or by writing directly onto smooth surface with a grease pencil.

PERIMETER BUMPER

Protects cart and walls.

WIDE PADDLE LATCHES

For easy opening and closing.

INSULATION

CFC-free, polyurethane insulation throughout the body and doors maximizes heat or cold retention for 4 hours or more.

CASTERS**

All swivel with brakes for smooth positioning and navigation; non-marking.

**Standard or Heavy Duty (HD) casters available.

Combo Cart® Plus (Non-Electric)

Combo Cart® Plus (Electric)

- The most versatile insulated transporter on the market! Holds food pans, sheet pans, trays and even large pizza boxes.
- Two separate compartments offer the flexibility of holding either hot or cold food by simply keeping it unplugged.
- Tough, durable polyethylene exterior will not dent, rust or chip and remains cool to the touch during operation—a great alternative to metal holding carts!
- Thick, CFC-free polyurethane insulation throughout the cabinet ensures excellent food quality and temperature retention for 4 hours or more, even when unplugged.
- Over 55% more energy-efficient, on average, than leading metal carts.
- Ideal for caterers, schools, hotels and large institutions.

Color: Charcoal Gray (615).

Note: Place food pans on rails. Pans should not be placed on the floor of the compartment. All food should be cooled to 121,11°C before placing into cart to avoid damage to the body.

Tall Combo Cart Plus Electric covered by U.S. Patent D 679,468 S.

STAINLESS STEEL UNIVERSAL RAILS*
Holds sheet pans, food pans, pizza boxes and trays (or limitless combinations of these!)

*7 pairs/compartment

ENERGY-SAVING HEATER
Tall cart - over **55%** more energy efficient compared to leading metal carts, low carts - over **180%**! Gentle, non-radiant heat circulates consistently from front to back of the cabinet.

POWER ON AND HEAT ON INDICATORS
Communicate the power and heating status of the unit. Know instantly when the compartment has reached target temperature. Turn on and off without unplugging the cord.

CASTERS**
All swivel with brakes for smooth positioning and navigation; non-marking.
**Standard or Heavy Duty (HD) casters available.

GASKET-FREE DOOR
Worry free door! Swings open completely to the side.

MARINE RAILING
Creates a bonus staging area for food pans.

ERGONOMIC VERTICAL MOLDED-IN HANDLES
Will never break; great for maneuvering by operators of all heights.

SOLAR DIGITAL THERMOMETER
Monitor internal cabinet temperature at a glance.

WIDE PADDLE LATCHES
For easy opening and closing.

PERIMETER BUMPER
Protects cart and walls.

MENU POCKET
Allows for easy product ID with either an index card or by writing directly onto smooth surface with a grease pencil.

CORD KEEPER
Stores 2,7 m power cord neatly and safely.

INSULATION
CFC-free, polyurethane insulation throughout the body and doors maximizes heat or cold retention for 4 hours or more.

Camtherm® Electric Food Holding Cabinets

Camtherm Food Holding Cabinets hold and transport hot or cold food within the kitchen, on the truck, or at the point of delivery or service. Expand your kitchen capacity, maximize productivity, and hold food

safely for hours. Enjoy the confidence of knowing moist food will stay moist and crisp food will stay crisp. Discover how one cabinet can do the work of two : with the flip of a switch, go from hot to cold or cold

to hot to increase your storage capabilities and menu flexibility. Each cabinet combines extreme durability and excellent insulated holding performance with simple, energy-efficient thermoelectric

- heating and cooling with :
- **NO COMPRESSOR**
 - **NO HEATING COIL**
 - **NO HUMIDIFIER**

Features & benefits available in both LOW and TALL profile Camtherm carts.

Top marine rail on all units holds 2 full-size food pans, one sheet pan or one cutting board (CB1220).

Solar powered, digital display thermometer monitors internal cabinet temperature.

Self-ventilating cap on each cabinet door automatically releases steam and equalizes pressure, maintaining food quality.

Menu clip holds routing directions or list of cabinet contents.

Non-marking, high modulus, rubber casters are strong and extremely durable providing smooth transport of full cabinets from kitchen to serving location.

Ergonomic molded-in handles are at a safe height on both low and tall profile units for easy transporting, even when fully loaded.

Heavy-duty, 14 gauge electrical cord is 274 cm long. Wrapping hook is located on back of each cabinet for safe cord storage.

Wide, nylon door latches and magnetic door gaskets lock doors securely and create a tight seal to retain safe hot or cold food temperatures.

See caster information on following page.

Cabinet exterior stays cool during operation.

Doors swing open 270° for easy loading.

Aluminum louvers gently and evenly direct hot or cold air around the entire cabinet and contents, eliminating hot or cold spots and maintaining food quality.

Knuckle door hinges are built to withstand the rigors of numerous door openings. Doors lift up and off the hinges easily for cleaning.

Easy-to-use control panel is located on back of each unit. Includes on/off switch, hot/cold switch for hot/cold units only and a temperature control dial for hot only. Cold performing units are factory set to chill cabinet down to 2,8°C.

Molded-in bumpers protect walls and furniture and will never dent, chip or rust.

Tough, one-piece, seamless double-wall polyethylene exterior is easy to clean and won't dent, crack, rust, chip or break.

Polyurethane insulation keeps hot food hot and cold food cold during transport when unit is unplugged.

Anodized aluminum uprights and removable, adjustable chrome plated steel slide rails hold full-size food pans or sheet pans.

Energy efficient heating and/or cooling unit located on back of each cabinet. Low volt, low amp, low watt system maintains consistent hot or cold temperature and balanced humidity throughout the single cavity cabinet.

Color: Granite Grey (191), Granite Green (192), Granite Sand (194).
Cutting Board Color: White (148).

Assembly is covered by U.S. Patent D 442,756 S & D 6,344,630.
Venting plug is covered by US Patent D 553,717 S.

Versa Food Service System

The Versa Food Service System provides custom design without the custom price. This non electric, versatile, portable system keeps food cold for hours with either ColdFest® pans or Buffet Camchillers®. The system is made of durable all-weather material and is easy to clean. The Versa Food Service System offers countless configurations to fit any foodservice need.

- Ergonomic, molded-in handles on both sides ensure easy maneuvering.
- Versa Food Bar and Work Table both include a drain faucet that can be connected to a hose for drainage and easy cleaning.
- Add an end table to a Food Bar or Work Table to hold trays, condiments, or paper goods.

Versa Cart

- Join a Versa Cart with a Food Bar or Work Table for fast check-out and improved traffic flow.
- The Versa Cart includes an adjustable shelf, standard lockable drawer and convenient electrical access through the top of the cart and front design panel.
- Optional Tray rails easily adjust to a lower height.
- Optional pull-out keyboard tray fits inside the drawer.

All components are fully compliant with NSF requirements.

Versa Food Service System is covered under U.S. Patent 9,084,498 B2.

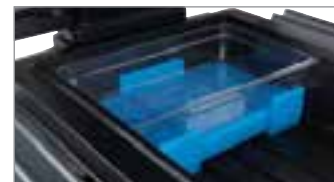

Versa Straight Connector and Versa Corner Connector

Easily and safely attach multiple components together to create a contiguous system and maximize space and merchandising options.

Versa Food Bar® Lighting Kit

Enhance your foodservice presentation with the LED lighting accessory. The light uses a 12 volt long-lasting battery, that charges with an universal charger.

Buffet Camchillers®

Extend safe, cold holding time without ice. Dual-sided Buffet Camchillers hold 6,5 cm and 10 cm pans. Fits in the Versa Food Bar, Versa Work Table and Table Top Food Bars.

Versa Food Service System

Whether you're looking to maximize space, improve traffic flow, add merchandising space or create an upscale salad bar, the Versa Food Service System has you covered.

Versa Food Bar

All components are fully compliant with NSF requirements.

Versa Work Table

- Perfect for a prep table, display, self-serve station or back bar.
- Attach a Work Table to a Food Bar to merchandise snacks and beverages.
- Matching well covers are included with each Versa Work Table.

Standard height model.

Versa Food Service System – Ultra Series

Versa Food Bar® Ultra Series

- Now available with two secure storage cabinets that can hold up to 22,7 kg per compartment of non-perishable items.

All components are fully compliant with NSF requirements.

Storage dimensions:
54,61 L x 44,45 W x 45,72 H cm per cabinet.
Each cabinet is 0,11 M³.

Slidinglid™ Ice Caddies

- Polyethylene body and thick foam insulation hold ice for days.
- Rugged, all-weather exterior will not crack, dent, bubble, chip, rust or break.
- Unique sliding lid slides back and under during use, reducing risk of cross-contamination.
- Recessed well and drain shelf keep ice out of water, extending holding times.
- Recessed, molded-in handles ease lifting and maneuvering.
- Slant top sliding lid units fit under prep/catering tables and counters.

Camrack® 4-in-1 Warewashing System

The Camrack System will protect glassware and keep it clean until the next event, eliminating the need for rewashing.

Efficient Washing

Open inside compartments provide thorough circulation of water and cleaning solutions and promote quick and thorough drying.

Long-lasting polypropylene Camracks are built to withstand chemicals and high temperatures up to 200°F (93°C).

Sanitary Storage

Closed outer walls keep fingers and contaminants out and reduce risk of breakage and injury. The Camrack cover and Camdolly® Seals make this system completely enclosed. Glassware stays clean when in storage, so operators will only have to wash items once.

Inventory Control

A variety in base rack colors help identify at a glance both contents and quantity per rack. Available in 10 colors.

Safe, Sanitary Transportation

Camracks can be transported across large campuses or to off-site locations in one single unit.

Easy to grip handles and smooth overlapping sides facilitate safe handling.

Camrack Cover Seals from the Top and Camdolly® Seals from the Bottom.

Camracks interstack with racks from major manufacturers.

Content labeling options include one-color custom hot stamping or pre-printed clips.

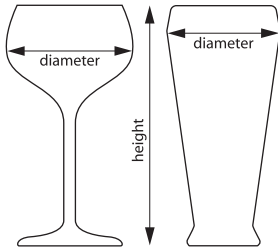

Camracks are covered by one or more of the following patents: Full Base Dish Rack D 412,607. Half Base Dish Rack D 404,176. Half Dish Rack Extender D 400,321. Enlarged Dish Rack Extender D 399,614. Dish Rack with Extender 5,934,486 Utility Patent. Pronged Base Dish Rack D 403,472.

Full Size Camracks® for Stemware & Tumblers

These racks offer complete protection for all your delicate and valuable stemware and tumblers, from washing and handling to stacking, storing and transporting.

Choose the correct dishrack:

- 1. Measure the maximum diameter of your glass (stemware or tumbler) to determine the number of compartments.
- 2. Measure the maximum height of your glass (stemware or tumbler) to the top edge of the rim to determine the compartment height.

Selecting The Right Camrack

Selecting the Right Camrack

Cambro offers multiple ways to help you quickly find the right Camrack:

1. www.cambro.com/mycamracks

To quickly find the correct Camrack, please visit www.cambro.com/mycamracks. Select the item you are sizing, enter the measurements and quantity of the item, and the right Camrack will appear on the page.

2. Cambro Catalog

Flip to the back of this section for a convenient stemware and glass sizing reference guide.

3. Cambro Sales Representatives

Contact your local Cambro representative and he or she will walk through your current ware

handling system with you and specify Camracks®, dollies and covers that will fit your glasses and dishware. To find your local representative refer to the back section of this catalog, visit www.cambro.com and click on "Find a Sales Rep" on the lower left of your screen or call the Cambro Customer Service line: 31-168-707-210.

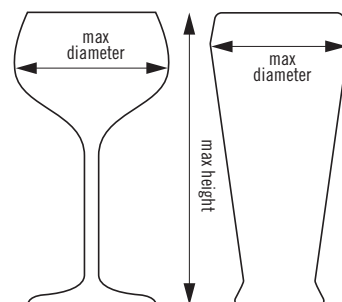

4. Send a Sample to Cambro

C.E.L. Customer Service.
Kelterstrasse 51
72669 Unterensingen, Germany.

Please be sure to include complete contact information and specify if you need full-size or half-size Camracks.

Choose the correct Camrack:

1. Measure the **maximum diameter** of the glass (stemware or tumbler) to determine the number of compartments.
2. Measure the **maximum height** of the glass (stemware or tumbler) to the top edge of the rim to determine the compartment height.

Download the Cambro App:

Find the right Camrack® for your Glassware by entering the height and maximum diameter of your glass.

Camrack® Base Racks

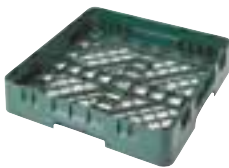

- For pots, pans, bowls and large prep, service and display items.
- Half racks work well for storing items at a wait station.

Let's Get Personal – Personalized Camracks®

Personalize Camracks to identify contents at a glance for accurate inventory control and selection.

Hot stamp a custom logo, information or standard content symbols, and/or descriptions on two opposite, diagonal sides of any rack.

Or request the addition of pre-printed clips. Up to 4 Camrack or PlateSafe clips can be added only at time of assembly and require the addition of at least one extender.

IMPRINT COLOR-WHITE

HOW TO ORDER A SAMPLE

1. Contact your local Cambro rep to complete and submit a sample request form to Cambro.
2. Select rack size, code and color. Imprint color - white only.
3. Choose process A) Hot Stamp or B) Camrack Clips
4. Indicate location of hot stamp and or clip on rack. Maximum hot stamp imprint size is 102 mm W x 31,7 mm H. Maximum hot stamp imprinting thickness per solid letter or logo should be no more than 102 mm wide.
5. If selecting process A with a custom hot stamp, provide ready to use artwork, digital format only. Sample request form must be submitted to Cambro PRIOR to artwork being sent. If artwork is incomplete, graphic support services are available for ** per hour.

6. Submit Artwork

E-mail artwork to your Cambro Rep or direct to Cambro at letsgetpersonal@cambro.com. Title e-mail subject with logo name and provide contact info. **File dimensions:** 100% reproduction size, 300dpi resolution.

File type: Adobe® Illustrator®, Photoshop®. **File format:** jpeg, tiff, and eps. Or mail digital artwork to: CEL - Attn: C.E.L. Customer Service. Kelterstrasse 51 72669 Unterensingen, Germany.

7. Questions regarding artwork?

Tel: (49)7022-90-100-0; Ireland Tel: 1800 509 046; for UK Tel: 0800 587 0057 or Fax: (49)7022-90-100-19.

8. Sample Approval

A signed sample approval form must be faxed to Cambro customer service prior to processing any purchase orders. This form is included with each sample.

Shelving for Life

STORAGE REDEFINED.

With three distinct lines of Camshelving®, all kitchens are created equal!

Every foodservice operation deserves to be set up for maximized cost savings, space efficiency, sanitation, food safety and functionality no matter what the size or budget.

Camshelving storage systems make it all possible, helping foodservice operators optimize organization, support food safety, improve labor savings, simplify inventory management, reduce food waste, and eliminate replacement costs.

Cambro storage and transportation products that help ensure food safety handling.

COMPONENT

Products that meet the NSF International criteria for sanitation and cleanability.

Certifies products approved by Technischer Überwachungs-Verein. (Technical Inspection Association)

Products that help meet HACCP guidelines.

Fit for food products

Dishwasher Safe

Cadmium-free products

Recyclable polypropylene

camguard
ANTIMICROBIAL SHELF PLATES

Antimicrobial protection permanently molded into shelf plates to inhibit the growth of mold, fungus and bacteria.

Camshelving is covered under the following US Patents:

CAMSHELVING®

THE COMMON AND KEY FEATURES OF ALL CAMSHELVING SERIES

Rust and Corrosion Free

Backed by a lifetime warranty against rust and corrosion, Camshelving storage systems eliminate the inconvenience and costs associated with restoring or replacing degraded shelving. Only Cambro offers Shelving for Life.

Multi Environment Use

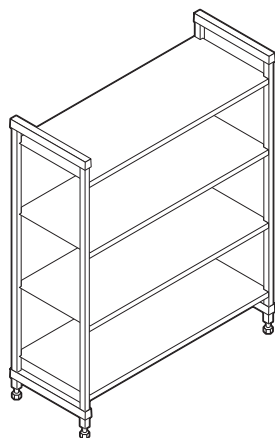

Camshelving storage systems are designed to withstand all extreme storage applications and temperatures — impervious to moisture, chemicals, salt, food acids, and humidity. Camshelving systems can be installed anywhere and will never rust.

-38°C TO 88°C

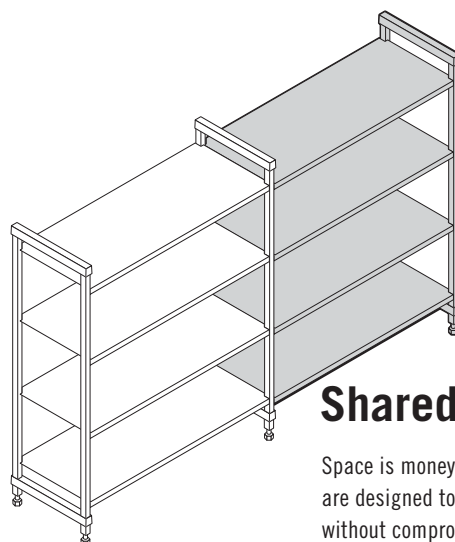

Maximized Space Utilization

Components have been thoughtfully designed to maximize storage space, even in space-restricted areas.

Starter Unit

Starter + Add-On Unit

Shared Post

Space is money. Shelving units are designed to be interconnected, without compromising weight-bearing capacity all while maximizing usable storage space.

PREMIUM series

ELEMENTS series

BASICS series

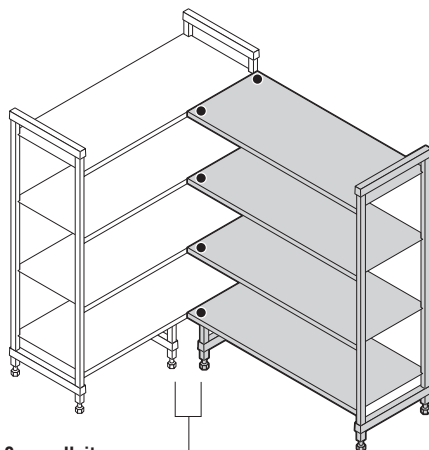

Easy to Clean

Cleaning shelving shouldn't be a major production. Whether daily or scheduled, cleaning can be done quickly and easily without interrupting storage space or normal, day-to-day operations.

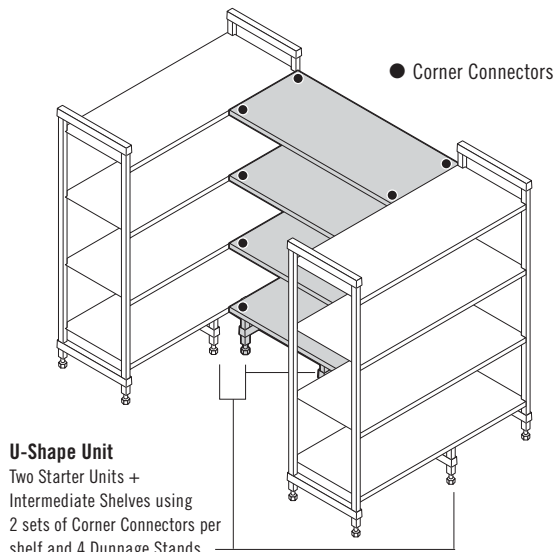

Easy to Adjust

Each shelf can be easily and independently adjusted to accommodate a variety of storage products and packages as product and storage needs change.

Corner Unit
Starter + Add-On Unit
using 1 set of Corner
Connectors per shelf
and 2 Dunnage Stands.

U-Shape Unit
Two Starter Units +
Intermediate Shelves using
2 sets of Corner Connectors per
shelf and 4 Dunnage Stands.

Corner Shelf Space

Convert unusable space into continuous, easy-access storage areas using corner connectors.

Camshelving® Series

Quick Reference Guide

Cambro offers three rust-free, non-corrosive, hygienic shelving systems that will hold up to the tough demands of commercial foodservice operations. This guide will help you choose the ideal Camshelving system for each storage area in your operation. Only Cambro offers Shelving for Life.

Product Code Reference Guide

Cambro's new product codes have been simplified making it easier to identify the type of unit or accessory required. Code numbers are composed of 3 parts.

1. **Prefix** – Defines the shelving brand and type of unit being selected.
2. **Dimensions** – Identifies the depth, length and height.
3. **Suffix** – Type and quantity of shelves.

- a. **MPCC1** = Camshelving Premium Corner Connector Set
- b. **ECC1** = Camshelving Elements Corner Connector Set
- c. **CBCC1** = Camshelving Basics Corner Connector Set

FREE Camshelving® Design Service

In order to select the most suitable and cost effective storage system, Cambro offers customized shelving illustrations using our proprietary shelving design program. Space allocation, operational flow and organizational challenges are quickly addressed when selecting the right product for the storage application. Usable storage space is maximized using the least number of units to help operators manage equipment costs. Once all required information is received, our expert shelving consultants prepare a 2D and 3D recommended floor plan along with an itemized product list by room/area. Proposals are completed and emailed within 24-48 business day hours, depending on number of rooms and complexity.

We look forward to designing the perfect storage solution for you. Call or email today to connect with one of our Camshelving consultants.

CAMSHELVING® PREMIUM series

WHY CHOOSE PREMIUM?

In high volume foodservice operations with frequent deliveries and constant loading and off-loading of products, stability, strength and sanitary storage should never be compromised. Premium Series does precisely what it was designed to do – hold the heaviest products with the roughest handling, in any environment and it is the easiest to clean and adjust.

Only available from Cambro European Logistics (CEL), Germany and Cambro Özyay Turkey.

* Dunnage Stands add stability and increase weight bearing capacity on bottom shelf only. Add to any shelf length. Highly recommended for Starter Units 1300 mm and longer, all Corner Units, U-Shape Units and units specified for heavier loads (see page 92).

** Due to the weight bearing capacity of casters, maximum weight load on an entire Mobile Unit is 340 kg.

Camshelving® Premium Series

Starter, Add-On and Mobile Units

These units make ordering easy and save time and labor during installation. Due to unit weight and size, all units ship in multiple boxes of post kits (unassembled) and shelf kits.

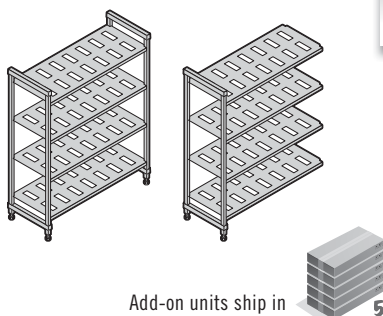

Only available from Cambro European Logistics (CEL), Germany and Cambro Özyay Turkey.

4-Shelf Vented Stationary Starter and Add-On Units

Starter units include 2 post kits and 4 shelf kits.

Add-On units include 1 post kit and 4 shelf kits.

4-Shelf Vented and Solid Stationary Starter and Add-On Units (3 vented + 1 solid)

Starter units include 2 post kits and 4 shelf kits.

Add-On units include 1 post kit and 4 shelf kits.

Install solid shelf on bottom to prevent water/cleaning solutions from sloshing up onto stored products. Install solid shelf on top to protect product stored on lower shelves from condensation in cooler.

Camshelving® Premium Series

High Density Storage Floor Track System

Maximize storage capacity by creating storage aisles in all available space. This simple system is composed of stationary starter units anchored to a raised floor track system at both ends with high density mobile units installed in between. Easy to install track requires no drilling or gluing.

High Density Mobile Units are available with factory assembled post kits, vented or solid shelves and high density casters and bumpers. Full track and extension kits ship complete with required hardware. Stationary Starter Units are required to anchor the system at both ends. Choose from a wide selection (see pages 98-99).

Stationary Unit*

High Density Mobile Units

Stationary Unit

Only available from Cambro European Logistics (CEL), Germany and Cambro Üzay Turkey.

Raised Floor Track provides a smooth and level surface to easily roll mobile units. Raised track ensures dirt will not get trapped and is easy to clean. Aluminum track and stainless steel hardware are rust resistant.

* It is recommended to use a stationary unit for every 4,5 m of track to further stabilize the system.

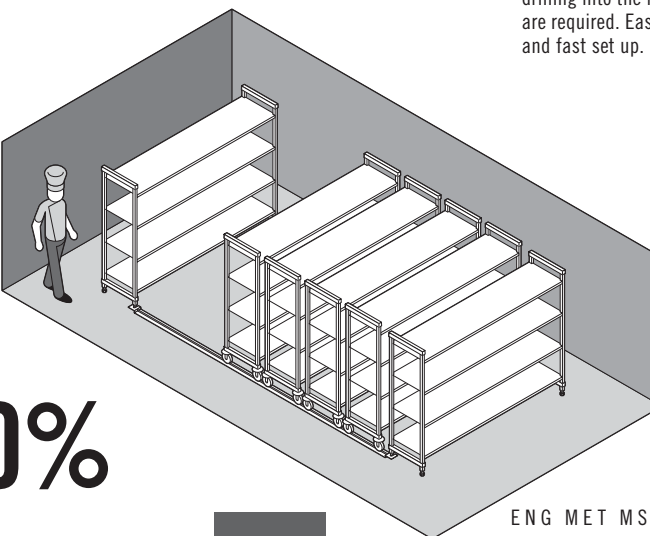

Grooved casters roll easily and securely on raised track.

Raised track connects easily to the bottom of a stationary unit that works as a system anchor. No bolts, no glue or drilling into the floor are required. Easy and fast set up.

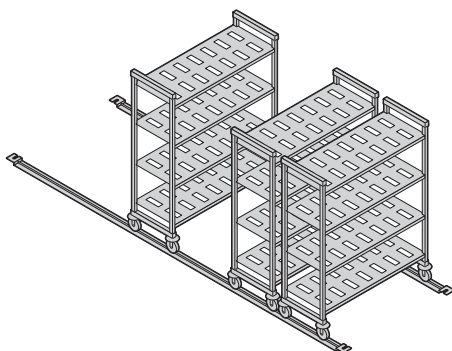

Increases Storage Capacity Up To

50%

4-Shelf Vented High Density Mobile Starter Units

CAMSHELVING® ELEMENTS series

WHY CHOOSE ELEMENTS?

Made from a revolutionary, extremely strong composite material with a smooth, easy to clean surface. Elements Series is stronger than common wire shelving. It's lighter in weight than Camshelving Premium Series and totally impervious to moisture, chemicals and liquids that can destroy shelving over time. Elements Series is designed for medium to heavy storage use in freezers, coolers, dry storage or warewashing areas. It easily supports the performance demands of a busy foodservice operation.

Mobile Unit Sizes

4 Shelf Unit Weight Bearing Chart

* Dunnage Stands add stability and increase weight bearing capacity on bottom shelf only. Add to any shelf length. Highly recommended for Starter Units 1380 mm and longer, all Corner Units, U-Shape Units and units specified for heavier loads (see page 92).

** Due to the weight bearing capacity of casters, maximum weight load on an entire Mobile Unit is 340 kg.

Camshelving® Elements Series

Starter, Add-On and Mobile Units

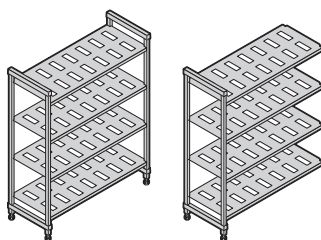

These units make ordering easy and saves time and labor during installation. Units ship complete in one box. Post kits are pre-assembled at the factory, speeding up on site set up.

4-Shelf Vented Starter and Add-On Units

Starter units include 2 factory assembled post kits and shelves.

Add-On units include 1 factory assembled post kit and shelves.

CAMSHELVING® BASICS series

WHY CHOOSE BASICS?

Just because the budget is tight and storage needs are less rigorous, it doesn't mean that shelving performance and storage efficiencies should be compromised. Basics Series is made from the same high performing, strong composite material as Elements Series and has the same design features. It's lighter in weight and less in cost but still strong enough to handle light to medium storage demands.

All Environments
-38°C TO 88°C

Stationary

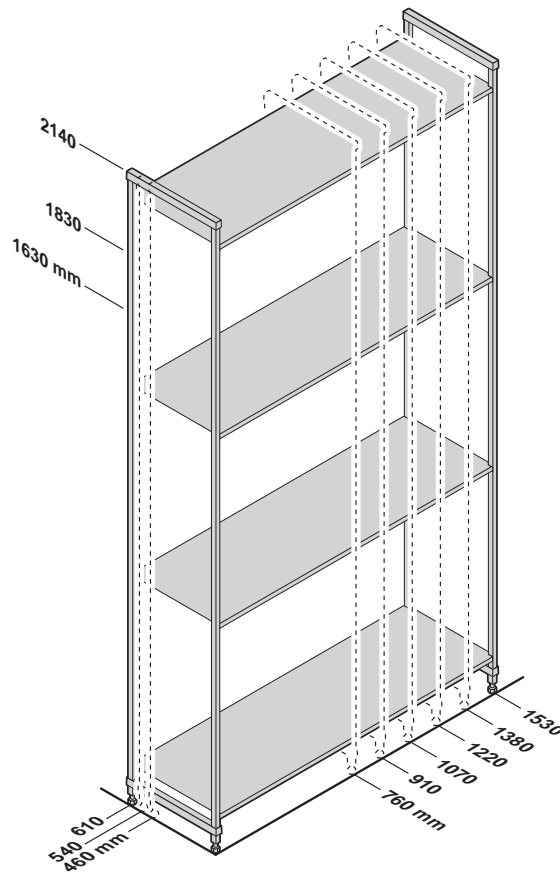

Post Connectors, Corner Connectors, Seismic Foot, Wall Fastener, Identification Tags, Single Shelf Security Cage, and Tray Slide Rack are not NSF Listed.

Camshelving® Wall Shelves and Shelf Extenders

Wall Shelves

- Expand storage space in kitchens, above work stations and sinks.
- Features virtually indestructible I-beam supports that hold up to 68 kg per shelf.
- Durable polypropylene withstands temperatures up to 88°C, and will not rust or corrode.
- Snap fit rail design allows shelves to snap on and off for easy cleaning.
- 5 cm backsplash and marine front edge controls spills and cross contamination.

Shelf Extenders

- Convert empty wall space into a functional storage area.
- Use with or without Camshelving Wall Shelves.
- Peg strips withstand temperatures up to 88°C, and will not rust or corrode

Wall Shelf Color: Speckled Grey (480).

Extender Peg Strip Color: Black (110).

COMPONENT

Shelf Extenders ship in one carton and include:

Materials

Polycarbonate

Virtually unbreakable polycarbonate material will not crack, bend or dent. Withstands temperatures from -40°C to 99°C.

High Heat H-Pans™

High heat material is safe for use in microwaves, ovens and steam tables. Withstands extreme temperatures from -40°C to 149°C.

Polypropylene

Translucent polypropylene material provides a high chemical resistance. Withstands temperatures from -40°C to 70°C.

Polyethylene

High chemical and impact resistant material. Withstands temperatures from -40°C to 70°C.

ABS

High-performance and impact resistant material. Ideal for temperatures at or below 4°C.

Food Pans

Polycarbonate Food Pans

Store, transport and serve all in one pan. Virtually unbreakable polycarbonate will not crack, bend or dent. Withstands temperatures from -40°C to 99°C.

7 SIZES	4 DEPTHS	3 COLORS	7 LID TYPES
------------	-------------	-------------	----------------

High Heat H-Pans™

Pans can go from prep to cooler to oven to steam table. Withstands temperatures from -40°C to 149°C.

7 SIZES	3 DEPTHS	2 COLORS	7 LID TYPES
------------	-------------	-------------	----------------

Translucent Food Pans

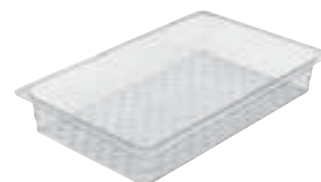

An economical choice for storage and serving. Ideal for use in cold and ambient environments. Withstands temperatures from -40°C to 70°C.

6 SIZES	2 DEPTHS	1 COLOR	4 LID TYPES
------------	-------------	------------	----------------

Colander Pans

Liquids drain away from food into the pan below for enhanced food quality and improved food safety.

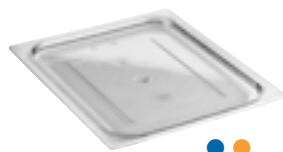

4 SIZES	2 DEPTHS	2 MATERIALS	3 LID TYPES
------------	-------------	----------------	----------------

Food Pan Lids

Covers protect contents better than plastic wrap or foil while saving time and money. Lids improve food safety and extend product freshness. Fit selected Polycarbonate, High Heat and Poly Food Pans.

Flat Cover

Basic cover available in all pan sizes.

Cover with Handle

Deep molded handle provides secure grip. Available in Black and Clear.

Notched Cover with Handle

Notched cover allows utensils to remain in pan and off of potentially contaminated counters.

FlipLid®

Keeps contents covered yet flips up easily for service.

Notched FlipLid

FlipLid with notch to rest spoon in contents with lid closed.

Seal Cover for Polycarbonate and Translucent Food Pans

Translucent seal covers provides an inner and outer seal, to protect food quality while eliminating the expense of plastic wrap.

GripLid®

Lid grips the side of the pan, reducing spills and points of cross contamination. Fits Polycarbonate and High Heat pans.

Polycarbonate CamSquare® Food Storage Containers

Maximize your storage area with CamSquare food storage containers. The square shape provides 33% better space usage than traditional round containers. Clear polycarbonate provides product visibility for at a glance inventory management. Seal covers feature an inner and outer seal for superior spill resistance, even during transport.

Note: All graduations are approximate.

Dimensions include handles.

Interstacking saves space when not in use.

Tight fitting Seal Cover is spill resistant, saves expense & safer for employees to handle during transport.

Wide molded-in handles ease carrying larger size. Molded-in holes offer quick and sanitary drying.

Stain and odor resistant.

Crystal clear, virtually unbreakable polycarbonate withstands temperatures from -40°C to 99°C.

Easy to read graduations printed on the outside for quick inventory management.

Seal Covers for Polycarbonate CamSquare*

- Inner and outer seal provide excellent spill resistance.
- Includes a hole on the corner for hanging during storage.
- Translucent lid easily identifies contents.
- Withstands temperatures from -40°C to 70°C.

* Seal covers only fit Polycarbonate Square Containers.

CamSquare® Translucent Polypropylene & Polyethylene Food Storage Containers

Translucent Polypropylene

- Translucent material provides some content visibility and high chemical resistance.
- Withstands temperatures from -40°C to 70°C.
- Easy to read graduations are printed on the outside for at a glance inventory management.

Note: All graduations are approximate.

Polyethylene

- Economical storage choice.
- Made of impact, stain and chemical resistant material.
- Withstands temperatures from -40°C to 70°C.

Note: All graduations are approximate.

Covers for CamSquares

- Snap-tight polyethylene covers feature thumb tabs for easy removal.
- Poly covers fit Polycarbonate, Translucent and Polyethylene CamSquare Containers.

Personalized Storage Products

Personalize food storage products to identify menu items, add fill lines for recipes, or use personalization in multiple languages to help ensure product quality and consistency.

Note: All graduations are approximate.

* Poly Covers fit Polycarbonate, Translucent and Polyethylene CamSquare Containers.

Personalization available on non-food contact areas only. See cresting section for information, ordering and pricing.

Polycarbonate Round Food Storage Containers

Store ingredients or transport ready to serve or partially prepared foods. Clear polycarbonate allows for easy content identification at a glance. Reduces risk of contamination and enhances food safety. Round shape promotes proper air circulation, ideal for stirring soups and sauces.

Note: All graduations are approximate.

Note: To order Round Food Storage Containers without imprinted graduations, simply add "N" to the end of the code number.

Lids are not interchangeable.

2
PRORATED

Seal Cover provides excellent spill resistance.

Crystal clear, virtually unbreakable polycarbonate withstands temperatures from -40°C to 99°C.

Molded-in handles ease carrying. Molded-in holes offer quick and sanitary drying.

Interstacking saves space when not in use.

Resists food acids, oils & alcohol. Stain and odor resistant.

Easy to read graduations on the outside for at a glance inventory management.

Polycarbonate Covers

- Snap on covers fit tightly.
- Stain resistant to food acids and oils.
- Withstands temperatures from -40°C to 99°C.

Round Seal Covers

- Inner and outer seal provide excellent spill resistance.
- Safe from -40°C to 70°C.
- Thumb tab for easy removal.

Translucent Polypropylene & Polyethylene Round Food Storage Containers

Translucent Polypropylene

- Translucent material offers some product visibility.
- Rounds are durable and resistant to stains.
- Withstands temperatures from -40°C to 70°C.
- Snap on covers fit tightly to protect contents and extend product freshness.

Note: All graduations are approximate.

Note: To order Round Food Storage Containers without imprinted graduations, simply add "N" to the end of the code number.

Lids are not interchangeable.

Polyethylene

- Impact, stain and chemical resistant material.
- An affordable storage choice.
- Safe from -40°C to 70°C.
- Snap on covers fit tightly yet are easily removed.

Note: All graduations are approximate.

Note: To order Round Food Storage Containers without imprinted graduations, simply add "N" to the end of the code number.

Lids are not interchangeable.

Polycarbonate Food Storage Boxes

Eliminate The Hazard Of Cross Contamination.

Extend the freshness of ingredients and eliminate points of cross contamination by transferring product into food boxes at the receiving dock. A safe solution for storing bulk fruits and vegetables. Clear polycarbonate allows visibility for product identification. Snap tight polycarbonate covers or SlidingLids™, sold separately, won't come off during transportation.

Polycarbonate and Poly Lids are not interchangeable.

SlidingLids are covered by the following U.S. Patents D 447,906 S & 6,540,098 B1.

SlidingLid provides easy access.

Molded-in handles ease carrying.

Withstands temperatures from -40°C to 99°C for use in coolers and freezers.

Crystal clear, durable polycarbonate allows for easy product identification.

Smooth surface is easy to clean. Stain and odor resistant.

Texturing on bottom of boxes reduces scratching.

Polycarbonate Flat Lids

- Snap-tight covers won't come off during transport.
- Top molded-in rails for safer, more secure stacking.
- Durable polycarbonate is safe from -40°C to 99°C.

Polycarbonate SlidingLids fits Polycarbonate Food Storage Boxes

- Lid slides back to easily access contents, minimizing handling.
- Reduces the risk of cross contamination since lid remains on food box.
- Made of virtually unbreakable polycarbonate.

Polycarbonate & Polyethylene Food Storage Boxes

Polycarbonate ColanderKits™

- A complete food safety system packaged in one carton.
 - Store raw meats, fish on ice or bulk produce safely.
 - Juices and liquids drip into the food box below for quick and easy disposal.
- Reduces handling and risk of cross contamination.
 - Kit consists of 1 each of 18269CW food box, 1 each 18268CLRCW colander, and 1 each 1826SCCW sliding lid.

Polycarbonate Colanders

- Enhances food quality and reduces risk of cross contamination.
- Liquids and juices drain directly into food box for improved food safety.
- Ideal for draining fruits and vegetables, thawing meat or poultry, or storing seafood on ice.

Polycarbonate Drain Shelves

- Lifts contents out of liquids to enhance food quality and freshness.
- Made of virtually unbreakable polycarbonate.
- Polycarbonate drain shelves fit in both Polycarbonate boxes and white poly boxes.

Polyethylene Food Storage Boxes

- Economical choice for storing bulk produce and ingredients.
- Impact, stain and chemical resistant material.
- Withstands temperatures from -40°C to 70°C.

Polycarbonate Safety Red and Yellow Food Storage Boxes

- Helps prevent cross-contamination between raw meats, poultry and other food products.
- Translucent red and yellow color clearly identifies product inside.
- Matching flat cover also available.

Polycarbonate Food Pans

Store, transport and serve all in one pan. Polycarbonate food pans are made from durable polycarbonate that will not crack, bend or dent. Precisely designed to Gastronorm GN specifications, with a bottom to reduce food waste. At half the cost of stainless steel, polycarbonate pans keep contents as cold as metal pans with less condensation. Pans stack neatly without wedging or sticking.

Polycarbonate GN pans are not recommended for steam table or microwave use. See H-Pan™ section for these high heat applications.
Colander Pan is covered by U.S. Patent D 528,376 S.

Uniform 1,27 cm flange ensures a smooth fit in prep tables and food bars.

Virtually unbreakable polycarbonate withstands temperatures from -40°C to 99°C.

Molded-in graduations in standard and metric for easy inventory management.

Won't react with food; minimizes potentially hazardous chemical or acidic reaction.

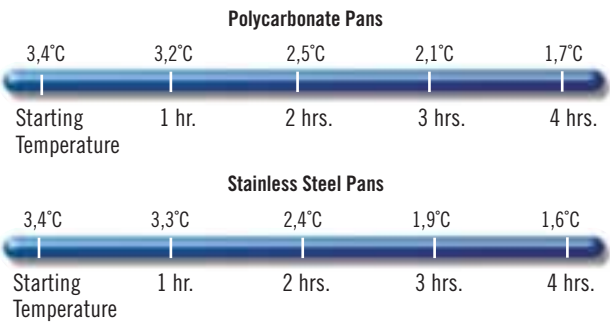

Non-stick smooth interior surface increases yields and promotes easy cleaning.

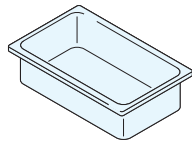

Textured bottoms resist scratching.

Cold Test

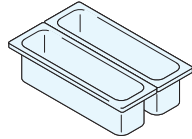

Tests prove polycarbonate food pans keep products as cold as stainless steel. Stainless steel may feel colder, but as these test results demonstrate, polycarbonate food pans keep products just as cold for just as long.

Polycarbonate Lid Sizes & Ordering Information

Flat Cover

Available in all pan sizes.

Cover with Handle

Deep molded handle provides secure grip. Also available in black to help block light, reducing discoloration of meats and cheeses. Helps maintain freshness.

Notched Cover with Handle

Easy access for ladles or spoons.

Seal Cover

Designed to fit Camwear polycarbonate and translucent Food Pans, our new Seal Covers feature an inner seal that provides superior spill resistance and maximizes product freshness.

FlipLid®

Flip up lid to easily access contents. Food can be held without getting dried out, increasing yields. Reduces points of cross contamination.

Notched FlipLid

Flip Lid with notch to rest spoon in contents with lid closed.

GripLid®

Molded-in polyurethane gasket on the lid grips the side of the food pan, reducing spills and points of cross-contamination.

Gastronorm High Heat H-Pans™

Reduce handling and save expense with one pan that can go from prep to cooler to oven to steam table. H-Pans are designed to Gastronorm GN specifications. Unlike metal pans, H-Pans are safe for use in heating and holding applications. Ideal for heated carts, steam tables and chafing dishes. H-Pans have both standard and metric graduation markings to promote easy inventory management.

Colors: Amber (150), Black (110).

H-Pans are made of FDA approved materials and are designed to CEN Gastronorm Standard EN 631-1. Amber color may vary.

Uniform 1,27 cm flange ensures a smooth fit in prep tables and food bars.

Great for flash freezing and reheating.

Pans stack neatly, without wedging or sticking.

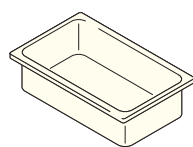

Made from FDA approved materials that withstand temperatures from -40°C to 149°C.

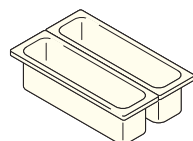

Non-stick smooth interior surface increases yields and promotes easy cleaning.

Gastronorm High Heat H-Pan™ Lid Sizes & Ordering Information

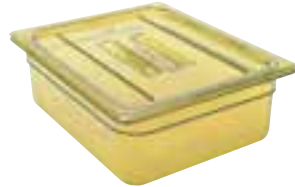

Flat Cover

Available in all pan sizes.

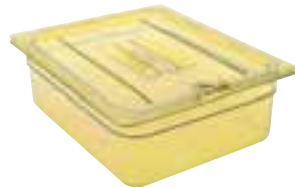

Cover with Handle

Deep molded handle gives secure grip.

Notched Cover with Handle

Easy access for ladles or spoons.

FlipLid®

Flip up lid to easily access contents. Food can be held without getting dried out, increasing yields.

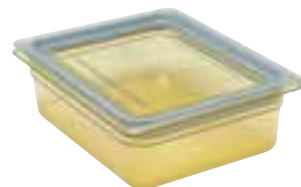

Notched FlipLid®

Flip Lid with notch to rest spoon in contents with lid closed.

GripLid®

Molded-in polyurethane gasket on the lid grips the side of the food pan, reducing spills and points of cross-contamination.

Pizza Dough Boxes

Polypropylene

- Ideal for storing, transporting, proofing and cooling dough.
- Lightweight, durable, and break resistant.
- Chemical resistant won't absorb odors and is easy to clean.
- Boxes nest tightly together to keep out dirt and contaminants, extending product freshness.

- The previous box acts as a tight lid for the box below, reducing the need and expense of covers.
- Withstands temperatures from -40°C to 70°C.
- Cover can be used as an 46 cm x 66 cm tray.

Color: White (148).

Polycarbonate & Polypropylene dough boxes do not inter stack

CD1826PDB Color: Coffee Beige (157), Brown(131), Black (110), Slate Blue (401), Grey (180).

Ingredient Bins & Camcrisper®

Ingredient Bins

- Store bulk dry ingredients such as flour and grain.
- Hygienic clear sliding lid reduces handling and allows for quick content identification.
- Bin made of FDA-accepted material so no liners are needed.
- Designed to fit under standard work tables.

Camcrisper

- A self-contained system for brining or storing, washing and transporting bulk produce.
- Prevents cross contamination and minimizes unnecessary handling.
- Transfer dry produce out of cartons into bin, cover and roll into cooler for safe storage.
- Wash and rinse produce for easy and safe prep.

7,6 cm Casters: 2 fixed, 2 swivel.

Color: White (148).

Scoops sold separately. S-Hook included.

Promote Your Brand

Personalize tumblers, barware, pitchers or other table service items with your logo or design. Use personalized drinkware in promotions.

Food storage products can also be personalized to identify menu items, add fill lines for recipes or to add instructions in multiple languages to help ensure product quality and consistency.

Look for this icon that identifies items that can be personalized.

IMPRINTING TABLE SERVICE AND STORAGE ITEMS

Sample Turnaround Time:

7-10 business days after receipt of approved artwork

Print Area: 6 mm to 10 cm, subject to printable area on each item

Full Case Quantity: No broken cartons

PERSONALIZATION CHARGES (NET)

Sample Charge: *** (Charge will be billed on sample order, credited on first purchase order)

Set-Up Charge: *** (Per order)

Cost Per Imprint: *** per side

HOW TO ORDER A SAMPLE

1. Request a Sample

Contact your local Cambro representative to complete and submit your sample request to Cambro.

2. Provide Artwork

Provide ready to use artwork, digital format only. Completed sample request form must be submitted to Cambro **PRIOR** to artwork being sent. If artwork is incomplete, graphic support services are available at *** per hour.

3. Submit Artwork

E-mail artwork to your Cambro Rep or direct to Cambro at letsgetpersonal@cambro.com. Title e-mail subject with logo name and provide contact info.

File dimensions: 100% reproduction size, 300dpi resolution.

File type:

Adobe® Illustrator®, Photoshop®.

File format: jpeg, tiff, and eps.

Or mail digital artwork to:
CEL - Attn: C.E.L. Customer Service. Kelterstrasse 51
72669 Unterensingen, Germany.

4. Questions regarding artwork?

Tel: (49)7022-90-100-0;
Ireland Tel: 1800 509 046;
for UK Tel: 0800 587 0057 or
Fax: (49)7022-90-100-19.

5. Sample Approval

A signed sample approval form must be faxed to Cambro customer service prior to processing any purchase orders. This form is included with each sample.

*** Contact your Cambro representative for pricing.

Choose the Right Tray for Your Business

Cambro is the global leader in manufacturing trays for the food service industry, offering the largest selection of materials, sizes, colors, shapes and personalization processes. Cambro's breadth of assortment provides the clear choice for the right tray for every need and budget.

Consider the following to select the right tray for your operation:

Step 1: What Will the Tray Be Used For?

In order to choose the correct tray, first identify the correct application.

Service Tray

Used by employees to carry items to serve to guests:

Non-Slip Tray

Patron Tray

Used by customers to carry menu items:

Smooth Surface Tray

Step 2: Who Will Be Using the Tray?

To determine the appropriate tray material, it is critical to identify who will be using the tray.

Children

Students

Military

Office Employees

Wait Staff

Step 3: How Will the Tray Be Used and Washed?

Consider how the tray will be used, and whether it will endure mild or excessive use and abuse. Determine how often the trays will be washed per day.

Extensive:

Wash as often and as frequently as needed

Normal:

Wash up to 3 times per day

Minimal:

Wash once per day

Step 4: Determine the Budget per Tray

Ensure that the correct tray has been selected for the right application. Selecting a low cost tray for a heavy application is not the most cost effective option. Tray pricing varies according to the following factors:

Manufacturing process

Material type and grade

Tray size

Personalization options

Warranty

Step 5: Personalization

Cambro offers high quality personalization on most of the trays that we manufacture. Look for the personalization logo throughout the brochure. 

Step 6: Additional Features to Consider

Evaluate the importance of the following features to determine the best tray for your operation.

Stacking lugs - Promote air circulation for fast drying and perfect stacking

Surface impact resistance

Edge breaking resistance

Scratch and stain resistance

Type of Warranty

Technical test descriptions

All Cambro trays are submitted to an array of tests described to the right. The results are indicated on each tray page under Technical Test Results.

Versa Trays

Versa Trays Anitmicrobial

Versa Lite Trays

Laminated Capri Trays

Laminated Corfu Trays

Laminated Mykonos Trays

Fast Food Trays

Polycarbonate Non-Slip Trays

TESTS DESCRIPTIONS

Thermal Shock Resistance Test:

Test consists of applying a radical temperature change during a short period of time to the tray, by taking out the tray from icy water (0°C) and placing it into boiling water (100°C) and measuring any deformation.

Break Resistance Test: Test consists of dropping a metal ball from specific heights onto the tray and measuring any deformation.

Scratch Resistance Test:

Observe scratches and abrasions as a result of friction between porcelain dinnerware and the tray surface.

Test consists of moving a porcelain dish placed on tray from left to right under hand pressure and measuring any abrasion on tray surface.

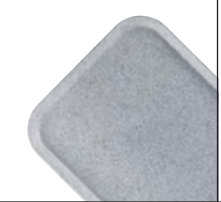

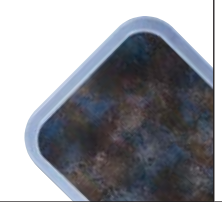

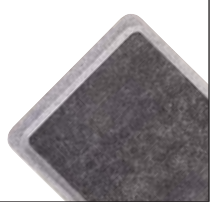

DISHWASHER SAFE DESCRIPTIONS

Extensive: Wash as often and as frequently as needed.

Normal: Wash up to 3 times per day.

Minimal: Wash once per day.

Personalization

Value Added Personalization

Promote business to customers and employees alike by placing your custom logo, trademark, slogan or design on our trays.

How to Order

- 1) Select a tray size, color, pattern, or design.
- 2) Provide complete, camera-ready artwork and indicate positioning on the tray.
- 3) According to the tray type, Cambro can produce 1, 2, 3 and 4 color artwork as well as 4 color process artwork.

We require the following:

- a. Electronic artwork file provided on CD-ROM for Mac or PC.

We accept the following file formats:

- Adobe Illustrator, Adobe Photoshop files in JPEG, TIFF or EPS formats.
- File dimensions must equal 100% of reproduction size at 300dpi resolution.
- b. Illustration on paper: The quality of the art must be crisp and scannable. Please specify PANTONE number for each color or indicate if it is a four color process.
- 4) An artist's fee of *** per hour will be charged to any order submitted

without complete, camera-ready artwork. Cambro will contact you if this fee will be charged and will give you an estimated cost.

5) Sample process:

- a. For any new project, a finished sample will be submitted for the customer's approval.
- b. The first sample with a firm purchase order is free. (Plus shipping cost.)
- c. Samples not accompanied by a firm purchase order or requests for more than one sample will be charged a flat rate of:
– Polyester, Fiberglass and Laminated

Trays:

- *** Net per sample. (Plus shipping cost.)
- Polypropylene Fast Food Trays: *** Net per sample. (Plus shipping cost.)
- d. Upon receipt and shipment of a firm purchase order, a credit will be applied to your account for the cost of one sample.
- 6) Personalization charges apply to both original orders and returns.

POLYESTER TRAYS

Versa Trays VT/GP

Versa Lite Trays VL/GL

- Only the following tray models are suitable for personalization:

Versa Trays:

VT1216, VT1418, VT2632, VT3253, VT3343, VT3343C, VT3646C, VT3753, VT3853, GP0540, GP1070, GP1080, GP3074, GP3980, GP4002, GP4210, GP4004, GP4701, GP4709, GP4853

Versalite Trays:

VL1014, VL1216, VL1418, VL2632, VL3253, VL3343, VL3343C, VL3646C, VL3753, GL0540, GL1070, GL1080, GL3074, GL3980, GL4002, GL4210, GL4701, GL4709

- **Minimum Quantity:** 120 trays per size.
- **Sample Production Time:** 10 business days + delivery and transit time from receipt of camera ready artwork.
- **Order Production Time:** Up to 4-6 weeks + delivery and transit time from the date artwork is approved and the order is confirmed.
- Request for additional samples without a firm purchase order will be charged *** Net per sample. (Plus shipping cost.)

Printing Process Applicable:

Four Color Printing Process allows printing of one color or multiple color artwork as well as photo reproduction.

Tray Colors Recommended for Personalized Versa Trays VT/GP:

Speckled Mocha (A21), Sahara (A22), Light Grey (A27), Pearl White (A33), Terrazzo (A86).

For the following colors, please call Cambro Customer Service for artwork review: Magic Yellow (A25), Magic Mint (A26).

Tray Colors Recommended for Personalized Versa Lite Trays VL/GL:

Speckled Smoke (A20), Speckled Mocha (A21), Sahara (A22), Light Grey (A27), Pearl White (A33) and Terrazzo (A86).

Printable Area:

The artwork can cover the flat surface of tray up to 1 cm from the internal tray edge.

FIBERGLASS TRAYS

Camtray® Trays

- All Camtray sizes can be personalized. (Except compartment trays shown in main Cambro catalog).

• Minimum Quantity:

Screen Printing Process: 144 trays per size.
Four Color Printing Process: 72 trays per size.

- **Sample Production Time:** 10 business days + delivery and transit time from receipt of camera ready artwork.
- **Order Production Time:** Up to 4-6 weeks + delivery and transit time from the date artwork is approved and the order is confirmed.
- Request for additional samples without a firm purchase order will be charged *** Net per sample. (Plus shipping cost.)

Printing Process Applicable: Screen printing process and four color process.

a. Screen printing process allows printing of artwork with one or multiple colors laying next to each other. This process doesn't allow printing of gradient or photo reproduction. This process is best used with light color artwork on dark tray color.

Printable area: The artwork can cover the total surface of the tray from one edge to the other.

b. Four Color Printing Process allows printing of one color or multiple color artwork as well as photo reproduction. This process can only be used on light color trays. Darker tray color will make the artwork colors go darker.

Tray Colors Recommended for Four Color Printing Process:

Antique Parchment (101), Light Peach (106), Dark Peach (117), White (148), Sky Blue (177), Key Lime (429), Lemon Chiffon (536), Cameo Yellow (537), Cottage White (538).

Printable area: The artwork can cover the flat surface of tray up to 1 cm from the internal tray edge.

Personalization

LAMINATED TRAYS

Corfu, Capri, Mykonos, Madeira

- All Laminated tray sizes can be personalized or produced in any custom color. Custom color matching is treated as a personalization.
- Top and bottom parts of trays can be personalized with the exception of Corfu trays that can only be personalized on the backside of the tray. Personalization cost is per side of the tray.
- **Minimum Quantity:** 120 trays per size.

- **Sample Production Time:** 10 business days + delivery and transit time from receipt of camera ready artwork.
- **Order Production Time:** Up to 4-6 weeks + delivery and transit time from the date artwork is approved and the order is confirmed.

- Request for additional samples without a firm purchase order will be charged *** Net per sample. (Plus shipping cost.)

Printing Process Applicable: Four color process and Custom Color Matching

a. Four Color Printing Process. This process allows the printing of one color or multiple color artwork as well as photo reproduction.

b. Custom Color Matching: Custom color matching is treated as a personalization. To produce any color tray provide Cambro with PANTONE number.

Printable area: The artwork can cover the total surface of tray from one edge to the other. Artwork dimensions must be 4 cm bigger than tray sizes on each side due to trimming. (example: Tray size: 36 x 46 cm – Artwork size: 40 x 50 cm)

Personalization Charges Per Tray:

QUANTITY EACH	ADDITIONAL NET CHARGES

Why Cambro Healthcare?

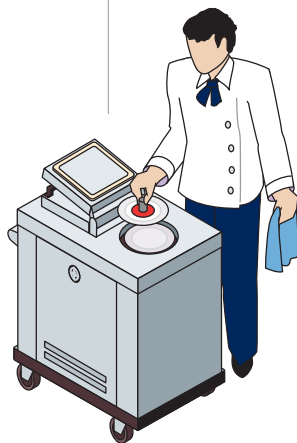

For over 60 years Cambro has been focused on developing innovative solutions to the toughest challenges in the foodservice industry. Cambro Healthcare products are designed to perform consistently under the most demanding conditions of healthcare foodservice.

The Components for Successful Meal Service and Patient Satisfaction

Hot Food

The goal of any meal delivery system is to keep food hot and fresh. Safe food handling and preparation are the first steps.

Hot Plate

Hot food needs a plate heated to proper temperatures. A plate that is not heated diminishes food quality for patients.

Plates should be heated between 65°C and 77°C.

Temperature Maintenance System

NSF-listed, meal delivery ware consisting of mugs, bowls, insulated domes and heated bases/pellets specifically designed for healthcare foodservice are vital to temperature maintenance.

Bases and Pellets should be heated between 132°C and 144°C.

Meal Transportation

From meal delivery carts to individual Tablotherm meal transport systems, these products can extend the heat retention of the meal to the patient's bedside.

Tablotherm Pellet System achieves temperature retention of 64°C for 2 hours.

Temperature Retention Systems

Camtherm Thermal Pellet

- Holds heat at its core to keep hot foods at safe temperatures.
- Stays 11°C cooler on the edge than metal pellets to protect staff and patients from burns.
- Is a high-density plastic composite that won't dent like metal pellets.
- Holds a 22,86 cm plate.

Color: Dark Gray (477).

Heat Keeper Insulating Base

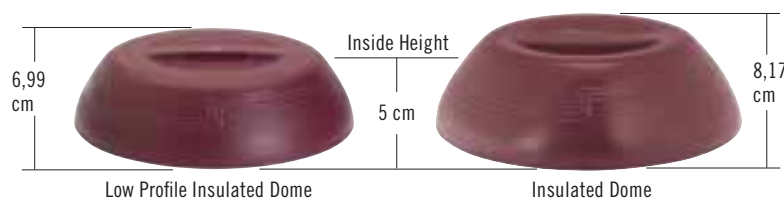

- Maintains heat for at least 20 minutes.
- Cost-effective solution to maintain meal delivery temperatures.
- Resists stains, odors and scratches.
- Holds a 22,86 cm plate.

Colors: Meadow (447), Wheat (457), Speckled Gray (480), Cranberry (487), Navy Blue (497), Black (110).

Low Profile Insulated Dome Comparison

Perfect for limited tray spacing as low as 11,43 cm

* This height is measured from a flat surface.

Meal Delivery Ware

Camtherm® Thermal Pellet System

The perfect choice for maximum heat retention, holds temperature for 60 or more minutes.

Domes and Delivery Ware are made of durable polypropylene and not designed for microwave use.

Tablotherm Meal Delivery System

The ideal single-serve meal delivery system for in-home service.

- Transport and serve hot and cold food in one complete unit.
- Maintain safe food temperatures for over 1 hour.
- Lightweight design makes transportation easy and convenient.
- Two sizes accommodate a variety of meal options.
- Dishwasher safe.

Tablotherms stack for easy transportation and storage.

Molded-in dimples secure the sealed lids on dishware to prevent spills and enhances temperature retention.

CFC-free foamed-in insulation.

Break-resistant china dishware.

Compact design makes transport easy.

Safely hold hot and cold meals in one unit.

Meal set-up is convenient with Tablotherm trays and dishes.

Tablotherms are designed for dining comfort.

Tablotherm Insulated Trays

Antimicrobial Camguard® Versa Trays

- High performance polyester tray for ultra-intensive use.
- Built-in antibacterial protection eliminates bacteria between tray washings and will not wash off or wear away for the life of the tray.
- Reinforced polyester corners provide superior corner and edge protection against impact.
- Stacking lugs allow air circulation for fast drying and perfect stacking.
- Temperature range resistance from -40°C to 140°C. ‡
- Dishwasher safe – Wash as often and as frequently as needed.

‡ Not for use in heated carts.

Minimum quantity order from CEL:
Non-stock item 240 pieces.
No broken carton.

Meal Delivery Carts for Tray Service

- Transport meal trays from the kitchen to acute care patients, nursing home residents or correctional facility inmates.
- Enhance patient satisfaction with high quality, room service style meals served quietly and efficiently.
- Tough, one-piece, double-wall polyethylene carts are easy to clean and won't rust, dent, crack, chip or break.

- Non-electric and requires no assembly.
- Features light-weight non-insulated ABS doors.
- Features standard stainless steel non-marking casters (MDC1411T60 comes standard with plated casters).

10-Tray Meal Delivery Cart is covered by U.S. Patent D 723,237 S.

10-Tray Meal Delivery Cart for Room Service – Low Profile

One louvered vent on the back supports air circulation.

Large, molded-in ergonomic handle makes it easy to transport and maneuver.

Molded-in marine rail creates additional work surface during service. *Marine rail is designed for use during service, not transport.*

Polyurethane insulation ensures quiet meal delivery and provides structural strength.

Molded-in full-perimeter bottom bumper protects the cart, walls & furniture.

Molded-in rails ensure quiet meal delivery, rail spacing up to 13,34 cm.

Menu clip holds routing directions or content lists.

Lightweight, self-venting, ABS door is non-insulated and opens a full 270°.

Shown with four, 13 cm non-marking, offset, durable stainless steel casters (2 fixed and 2 swivel with brake). Heavy duty casters are available.

Meal Delivery Carts Features and Caster Configurations

Standard Caster Configurations:

These caster configurations are designed to provide stability and maneuverability over uneven surfaces.

MDC1520S20, MDC1418S20, MDC1411T60

MDC1520S10*, MDC1520T16, MDC1418T16

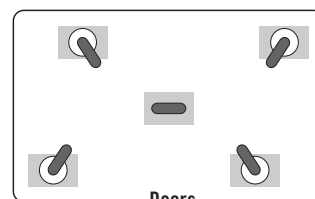

MDC1520T30, MDC1418T30

Optional Caster Configurations*:

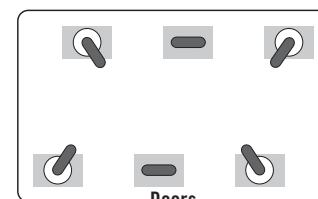

These caster configuration options are alternative designs if facility or environment requires the need to change.

MDC1520S20, MDC1418S20

MDC1520S20, MDC1418S20, MDC1520T30, MDC1418T30, MDC1411T60

MDC1520S20, MDC1418S20, MDC1411T60

*All optional caster configurations are special order items and therefore non-returnable.

Handles

MDC1520S20, MDC1418S20

Molded in handles on each end for smooth transporting.

MDC1520T16, MDC1418T16

Molded in handles for easy transporting.

MDC1520T30, MDC1418T30, MDC1411T60**

Heavy duty nylon handles are securely mounted and nested into each end.
**MDC1411T60 has tamper resistant heavy duty aluminum tubing handles.

LEAD IN CASTERS

Castors are offset to ease movement over uneven surfaces. This is standard on MDC1520S10, MDC1520S20, MDC1418S20, MDC1520T30, MDC1418T30 and MDC1411T60.

Cambro Warranty

Cambro Camtrays® and Camwear® Dinnerware have a five year guarantee against breakage. Camtherm Bulk Food Holding Cabinets hold a one-year warranty. Polycarbonate food storage products are guaranteed for two years under normal usage. Camshelving® has a one-year warranty on workmanship and a lifetime limited warranty against rust and corrosion, excluding mobile posts. For all other Cambro products, Cambro warrants to the original buyer a three-year pro-rated guarantee. If product proves defective during this time, Cambro grants a pro-rated credit of the original price toward replacement product. The warranty applies on all Cambro products only when used under normal foodservice industry conditions.

Photo credits:

Cambro products help foodservice operators throughout the world. To represent our global presence, images of Cambro products in use have been taken on locations throughout southern California, USA; in Cancun, Mexico; on the island of Rugen, Germany; and in the city of Huizhou, China. In particular, special thanks to the staffs of the Ambience Hotel, Rugen; Jin Hua Palace Hotel, Huizhou; Southern California Gas Company, Downey; Orange Coast College, Santa Ana and California Hospital, Los Angeles for their assistance in our photo shoots.

Stemware And Glass Sizing Reference Guide

To Determine Compartment Size

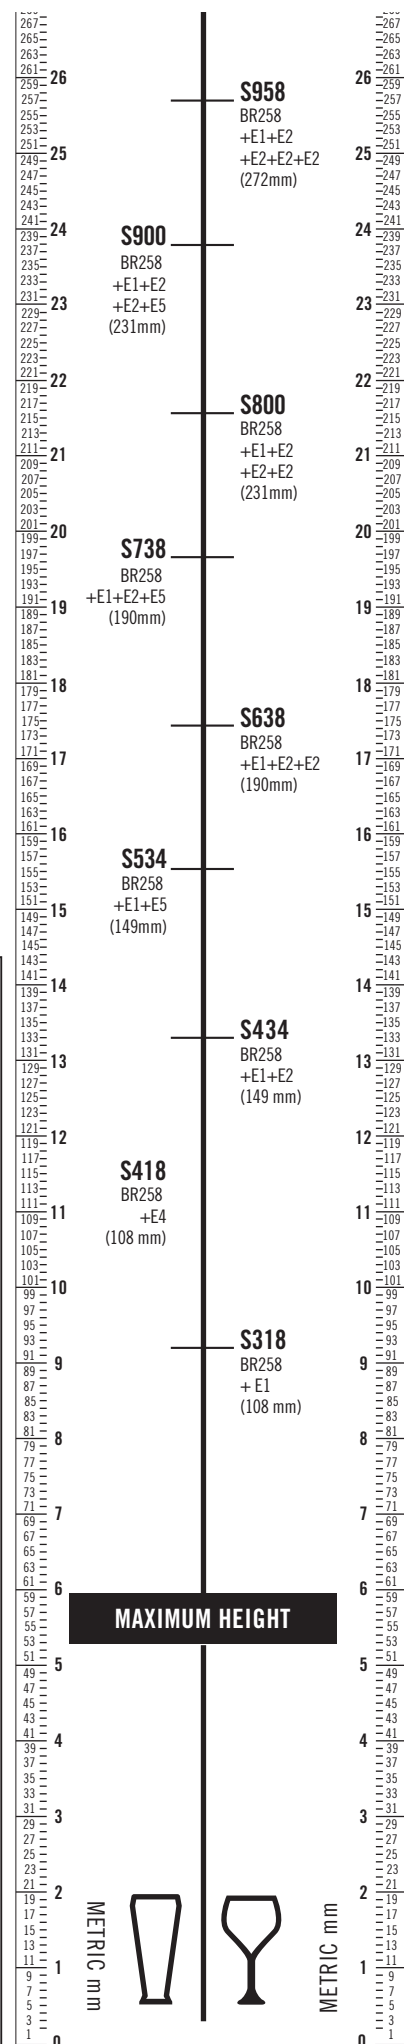

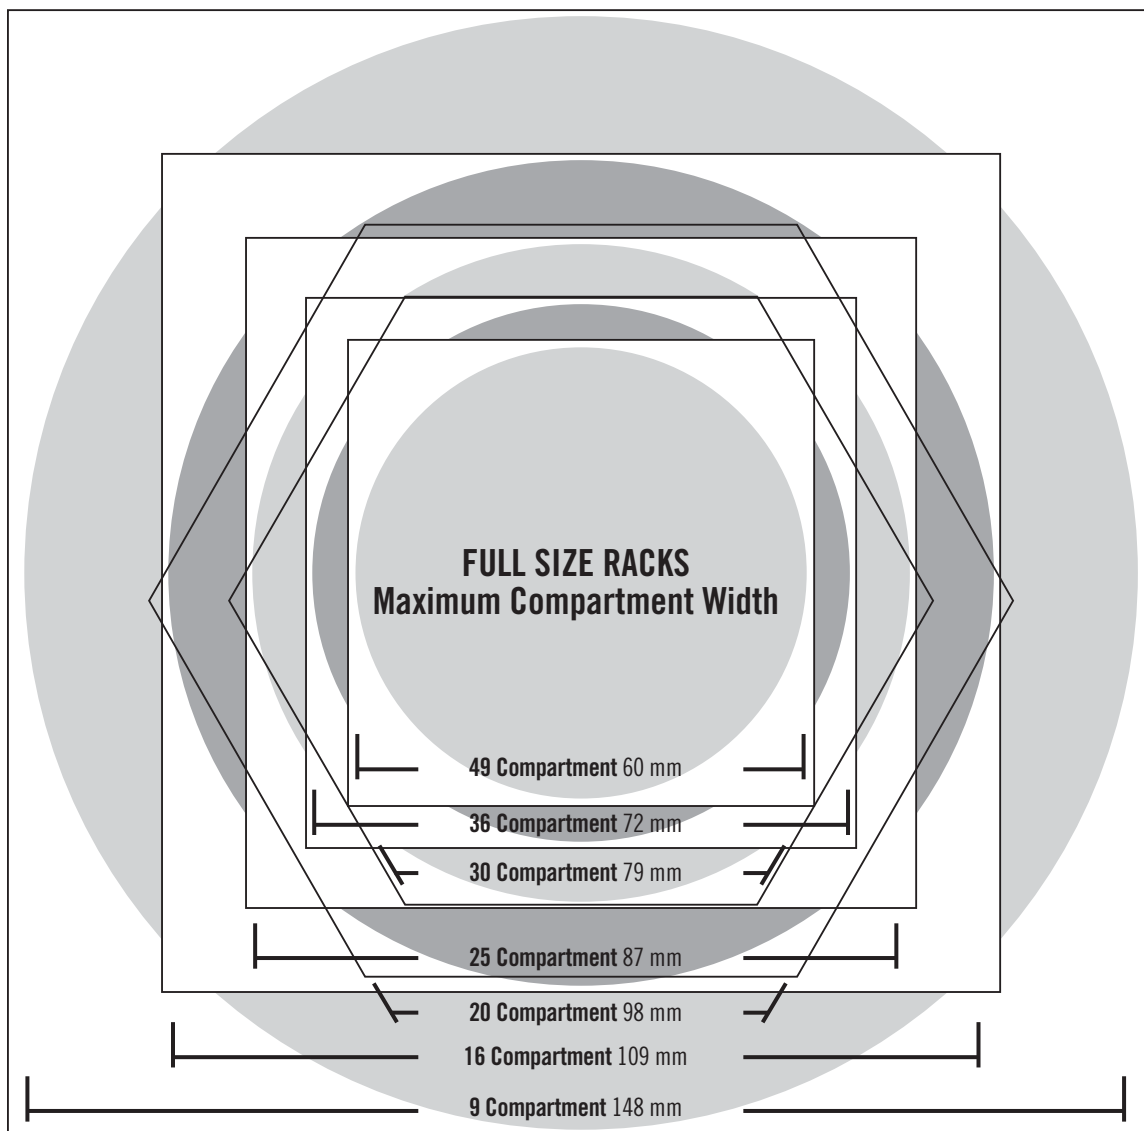

• Half Size Racks:

Place glass or stemware upside down over circle chart. Look down on the glass. Whatever circle the largest diameter of the glass fits within will determine the number of compartments.

• Full Size Racks:

Place glass or stemware upside down over circle chart. Look down on the glass. Whatever circle the largest diameter of the glass fits within will determine the number of compartments.

Use the vertical guide marks at right to determine item height and appropriate rack number.

Camrack® Cup Rack Reference Guide

16

FULL RACK

COMPARTMENT

11,1 x 11,1 cm

QUICK GUIDE

Full Size Cup Racks (C)

Maximum Cup Width	Number of Compartments	Maximum Cup Height		
		6,6 cm	10,7 cm	14,9 cm
11,1 cm	16	16C258	16C414	16C578
8,8 cm	20	20C258	20C414	20C578

20

FULL RACK

COMPARTMENT

11,1 x 8 cm

QUICK GUIDE

Full Size Cup Racks (C)

Maximum Cup Width	Number of Compartments	Maximum Cup Height	
		6,6 cm	10,7 cm
10,4 cm	8	8HC258	8HC414
8,8 cm	10	10HC258	10C414

10

HALF RACK

COMPARTMENT

10,4 x 8,8 cm

To Determine Cup Height:

Place base of cup or coffee mug on flat surface hold ruler vertically next to it to determine height in inches or millimeters. If the height is greater than 108 mm, additional 41 mm E2 and HE2 extenders may be ordered.

8

HALF RACK

COMPARTMENT

11,3 x 10,4 cm

QUICK GUIDE

Full Size Cup Racks (C)

Maximum Cup Width	Number of Compartments	Maximum Cup Height	
		6,6 cm	10,7 cm
10,4 cm	8	8HC258	8HC414
8,8 cm	10	10HC258	10C414

To determine Cup compartment size:
Turn cup or coffee mug upside down and place diagonally in square. Align handle with arrow in square. Cup or mug and handle must fit completely within boundaries of a square in order to ensure the right rack.
